OUR VALUES

We aim to establish a community in which everybody upholds our school values of resilience, empathy and kindness; and where individual differences are appreciated, understood and accepted. Everybody has a right to enjoy their time at school.

OUR VISION

“Australian schools are learning communities that promote student wellbeing, safety and positive relationships so that students can reach their full potential.” (Australian Student Wellbeing Framework, 2023)

All students have the right to feel safe, respected, and included. Our learning communities are free from bullying and harassment.

Our school climate fosters healthy and respectful relationships. We will create this with our students, families, and the broader community.

We will model behaviours that:

- demonstrate respect
- value diversity
- promote belonging and wellbeing.

At Seaford Secondary College, together we develop as independent thinkers and ambitious learners who take pride in our growth, think critically, and contribute responsibly to our community.

OUR APPROACH TO BULLYING PREVENTION

- Develop positive behavioural expectations with students and display them in all classrooms.
- Make sure students feel safe to raise concerns and report bullying.

Teach

HOW BULLYING IS REPORTED AND RESOLVED

We will work with students, parents and caregivers to resolve bullying issues. If needed, we will get advice, counselling and support from internal and external services.

All reports of bullying will be taken seriously. Responses will be planned and quick. The principal or leadership team will immediately respond to life threatening, significant harm or criminal behaviour issues. We will refer criminal actions to South Australia Police.

Our responses will restore the safe and positive learning environment.

Report bullying

You can report bullying to:

- a member of staff or trusted adult

You can report bullying incidents by:

- completing an **Incident Report**.
- for cyberbullying, it will help if you can:
 - Save messages and details of the sender,
 - Provide information about which sites or social networks were used, and
 - Report to the eSafety Commissioner ([Report](#)).

Give us as much information as possible. This might include:

- who was involved, including who engaged in the bullying behaviour, who the behaviour was directed at and witnesses
- when the incident happened
- where the incident took place, for example social media
- the behaviour
- if anyone stopped or tried to stop the behaviour
- what led up to the incident
- what happened after the incident.

Gather and document information

Staff might speak about the incident with:

- students
- parents or carers
- other staff
- any other witness or person involved.

Intervention and support

Staff will see if the incident:

- meets the definition of bullying
- pose an immediate risk to student or staff safety.

If there is no immediate risk, staff might use the following strategies with students directly involved:

- restorative practices, including an apology
- Method of Shared Concern or Support Group Method of intervention
- parent or carer meeting
- school-based consequences
- For example:
 - loss of privileges
 - given a learning task
 - use of reflection space or class
 - limited areas for play or activities or extra yard supervision
- suspension and exclusion.

Refer to services

Refer students to specialist support, if needed. This might be from the Department for Education or external services. Options will be discussed with students and their families.

Document and record

All incidents of bullying and responses will be documented and stored in line with Department for Education records management procedures. A record of an incident might go in a student's file. Incidents can be recorded in our electronic databases. For example, EDSAS, EMS, Day Map or the department's incident management system.

Monitor and follow up

Staff will check on all students involved in a bullying incident. They will make sure all students are safe, and relationships are repaired. They will talk with students, parents and carers about the actions taken. They will check if these actions have helped.

If a student, parent or carer are not happy with the steps taken by the school, they can call the department's complaints management line on 1800 677 435.

DEFINITIONS

Bullying

A national definition of bullying has been endorsed by the Education Council.

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records).

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders.

Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features

It involves a misuse of power in a relationship

Conflict or fights between equals are not defined as bullying. Bullying occurs when there is a power imbalance. This might come from:

- the context. For example, a number of children acting against one child
- personal characteristics. For example, different physical, emotional or social development.

It is ongoing and repeated

One incident of misbehavior is generally not defined as bullying. Schools will still respond to all incidents of misbehavior.

One act by one person might be bullying if:

- the behaviour adds to a series of other people's behaviours that misuse power and result in harm
- it can be shared online or with technology to a wide audience, or repeated with multiple views.

It involves behaviours that can cause harm

Bullying can cause physical and psychological harm.

Physical harm can include injury. It can also include theft or damage to belongings.

Psychological harm can include:

- anxiety
- not wanting to go to school
- lack of interest in school
- isolation and depression.
-

Psychological harm can last some time. It will depend on a student's situation and the support available to them.

Support might come from family, school, and friends.

A fear of being bullied can create psychological harm.

Examples of types of bullying:

Physical: hitting, kicking, tripping, pinching, pushing or damaging or stealing belongings.

Verbal: verbal abuse, name calling, insults, taunting, intimidation, threats.

Social: social exclusion, lying, spreading rumours, unkind facial expressions or body language, mean and condescending looks, playing jokes to embarrass and humiliate, mimicking and damaging someone's reputation or social relationships.

Cyber: Cyberbullying is online bullying. It uses technology, including social media platforms. Verbal and social bullying can be cyberbullying when they occur online.

Cyberbullying includes:

- abusive texts and emails
- hurtful messages, videos and images, including images that have been changed
- sharing personal images and videos without consent
- pretending to be someone else online to be hurtful.

HARASSMENT, DISCRIMINATION AND VIOLENCE

Bullying, harassment, discrimination and violence all create or add to a negative environment. This can make students feel unsafe and unable to reach their full potential.

Harassment

Harassment is a behaviour that targets an individual or group. This can be due to their: identity, race, culture or ethnic origin; religion; physical characteristics; gender; sexual orientation; age; or ability.

It offends, humiliates, intimidates or creates an unsafe environment. It might be a pattern of behaviour or a single act. It might be directed randomly or at the same person. It might be on purpose or unintended.

Discrimination

Discrimination happens when people are treated differently to others. This can be because of their: identity, race, culture or ethnic origin; religion; physical characteristics; gender; sexual orientation; age; or ability. Discrimination interferes with people's right to fair treatment and equal opportunities.

Violence

Violence is the intentional use of physical force or power. It can be threatened or actual, against another person. It might result in psychological harm, injury or in some cases death. It might involve provoked or unprovoked acts. It can be one incident, a random act or can happen over time.

Bullying, harassment, discrimination and violence may be based on gender, race, sexuality, culture, religion, disability and care status. Bullying, harassment, discrimination and violence for any reason is not acceptable in South Australian public schools. It will be responded to.

Responses will depend on the:

- behaviours
- needs of the students
- rights of all students to be safely included in learning.

ROLES AND RESPONSIBILITIES

We each have a role to play to:

- prevent bullying and harassment
- respond when it happens
